PR-600II

The PR-600II

It's easy to achieve professional results with the compact PR-600II embroidery machine

Embroider just like a professional

The Brother PR-600II gives you the power and technology of a commercial embroidery machine yet is incredibly easy to use

This innovative machine is compact enough to fit in your home and portable enough to take on the road. Best of all, its attractive price makes it possible for you to realise big dreams with a small investment.

THE BEST OF BOTH WORLDS

Brother has an established reputation for manufacturing high-quality sewing and embroidery machines for both the industrial and home fashion markets. Brother is the ONLY manufacturer with an expertise in both fields, which makes the PR-600II so special. We understand what it takes to engineer a machine for you who are ready to take your personal embroidery experience to a commercial level. And, Brother's support is always "at your side."

MULTIMEDIA CAPABILITY*

The PR600II has a two way USB port and a slot for Brother's large range of embroidery memory cards. The USB port allows you to link the PR-600II to your PC or to USB devices such as memory sticks and CD-Rom drives.

BUILT-IN THREAD COLOUR INFORMATION

Wide selection of built-in thread colour information makes it easy to choose the appropriate colours.

NEW LED LIGHT

The built-in LED lights provide effective lighting for your working area.

EIGHT-SIDED DESIGN TRACE

Exclusive automatic, eight-sided design trace gives you more accurate placement of your design.

INDIVIDUAL STITCH BACKUP

With the easy to use touch screen you can search through the design by individual stitches, colour blocks or groups of one hundred stitches.

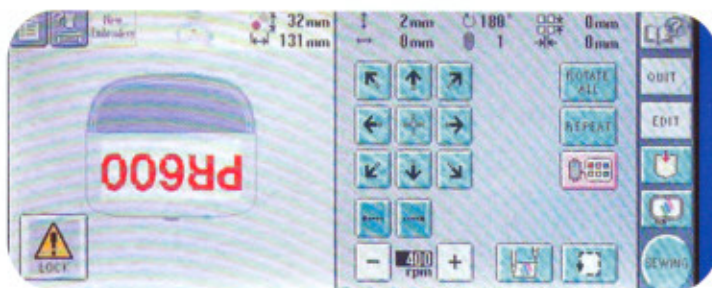

BUILT-IN KEYBOARD LETTERING

An exclusive feature of multi-needle embroidery machines, built-in lettering fonts give originality to all your projects.

EXCLUSIVE AUTOMATIC NEEDLE THREADING

Simply press the automatic needle threading button to see the upper thread pass through the needle quickly and securely

CUSTOMISE DESIGNS ON-SCREEN

Powerful customising capabilities include arranging text, pattern rotation in one-degree increments, change design size (increase 20%, decrease 10%), and the ability to combine designs and add lettering to your designs.

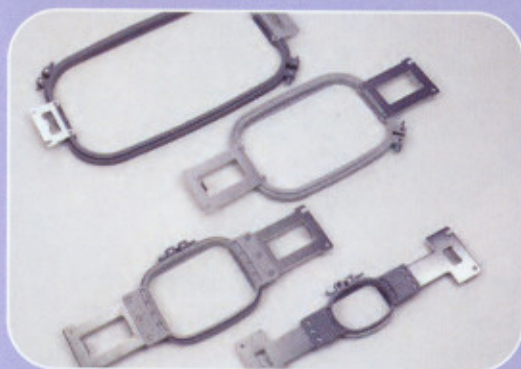

Just some of the exciting features . . .

AUTOMATIC MEMORY RECALL

Even after the machine is switched off, the PR600I's unique software remembers the last design worked on and will retain this information for use next time. You can even continue from the last stitch that was sewn.

DIGITISING SOFTWARE *

Compatible with Brother's award-winning PE-Design software for use with popular home and commercial embroidery formats, including pes, dst, phc.

ACCESSORIES

Embroidery Hoops

With 4 different hoops sizes to choose from you can pick the ideal hoop for your project.

300 mm x 200 mm
180 mm x 130 mm
100 mm x 100 mm
60 mm x 40 mm

TOOLKIT

Includes screwdrivers, scissors, tweezers, cleaning brush, seam ripper, replacement needles, oil, instruction manual.

A USB cable comes supplied as standard with the PR-600I so you can connect it to your PC.

BUILT IN FONTS AND DESIGNS

Quickly and simply personalise your projects with a choice of 13 font styles plus 3 alphabet designs, 10 frame patterns or a selection of embroidery designs all built into the PR-600I.

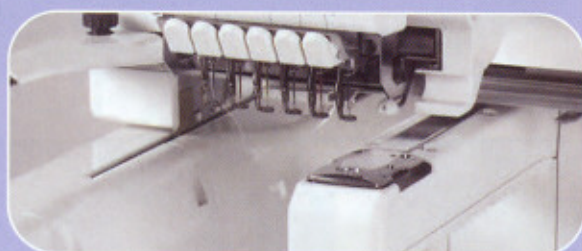

EXTRA-LARGE, EASY-TO-USE COLOUR LCD SCREEN

Manage all functions with a simple touch of the easy-to-read LCD display. Intuitive commands and a built-in Quick-reference Guide make the control panel easy to use and quick to learn.

SIX NEEDLES ON A SINGLE HEAD

Embroider multi-colour designs quickly and easily. The automatic colour change feature allows you to pre-program the correct thread colour sequence for the entire design. The upper and lower automatic thread trimmers mean no time-consuming trimming after the embroidery is complete. With the PR-600I, you can embroider more items in less time.

CYLINDER ARM

The cylinder arm makes it easier than ever to embroider items such as caps, tote bags, sleeves, trouser legs, shirt pockets and socks.
