

富怡箱包CAD/CAM系统

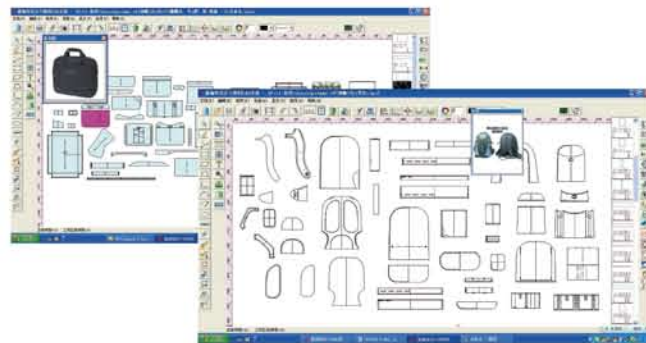

Richpeace Luggage & Bags CAD/CAM System

Richpeace®

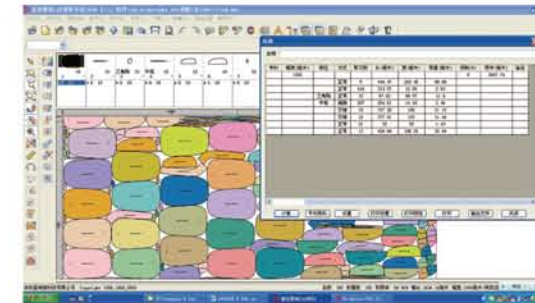

软件主要功能 Main function of system

此CAD/CAM系统主要为手提箱，手提包，皮包等企业开发制作。包括纸格制作，成本分析预算，报价等。应用此系统可以合理的控制成本，提高效率，缩短生产周期。广泛应用于时装包，旅行包，公文包，腰包，钱包，书包等的制作。

This Luggage and Bags CAD/CAM system is mainly for suitcase, handbag, leather luggage industries, etc. It includes the necessary operations for those industries and production, such as pattern design, cost analyze, quotation processing, cut plan, budget for resource planning and handling. It brings the cost control easier and improve the efficiency, shorten production cycle. It is a very powerful tools for fashion bag, waist bag and wallet production industries as well.

排料系统 Marker making system

- 快速计算出面料消耗，面料长度，重量及利用率
- 依据纸格形状，系统提供了不同的排列方式，更能准备的计算出面料消耗
- 与ERP和EXCEL系统匹配
- 为条纹面料提供专业的排版工具，节省面料。
- Calculate the fabric consumption, fabric length, weight, marker efficiency quickly.
- Provide professional tools for layout according to the pattern shape and calculate the utilization, it makes the cost estimation precisely.
- Able to transfer production data to ERP or Excel, etc.
- Provide professional tools for Stripe and Check matching, easier the material layout and pattern layout as well as saving material for production.

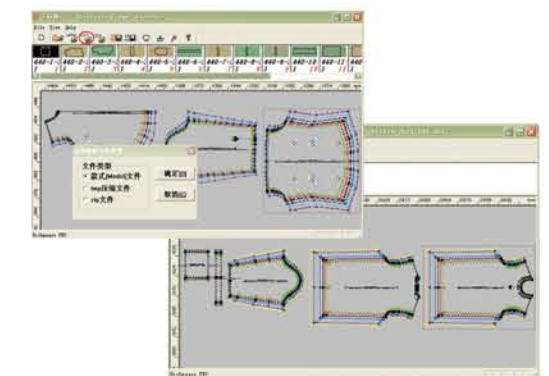

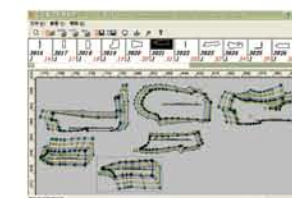

富怡转换软件 Richpeace Converter FES

FES转换软件可以打开国际标准的DXF，AAMA格式，然后保存成富怡格式，在富怡软件里操作。FES还可以直接打开GGT的model文档，tmp文档，zip文档。也可以将富怡格式转换成国际标准的DXF，AAMA格式。

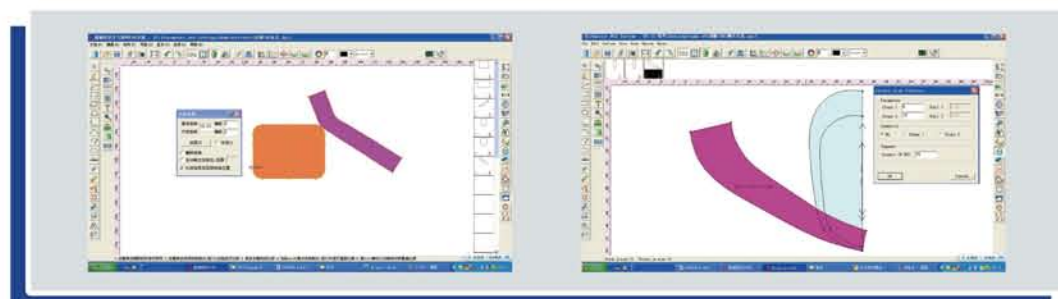

FES module provides conversion feature on general DXF, AAMA format, then files can be stored in Richpeace proprietary format. GGT model file, TMP file, ZIP and IBA can also be opened with this FES module. It also allows the Richpeace format to be converted to DXF and AAMA format as well.

取其它软件输出的AAMA，DXF
直接读取GGT及IBA文件。
将GGT,LECTRA,AAMA,DXF文件保存成Richpeace格式。
Able to read AAMA and DXF files for which are from any other system.
Able to read GGT and IBA original file directly.
Convert from GGT, IBA, AAMA, DXF files and store into Richpeace format.

出格系统 Pattern design system

- 根据长，宽形状快速生成侧片
- 丰富的省褶工具短时间内迅速完成省褶制作
- 移动旋转行走快速给相应的部位同时加剪口
- 系统提供圆角工具，R角工具，拉链工具等，满足不同的款式需求。
- The special tools for side pattern makes the confirmation of shape and length of the bag immediately.
- Dart and Pleat tools make the complicated pleats easy and quickly.
- The matching function can easily match the notch and seams automatically.
- System provides ARC, Round Corner and Zipper Tools, etc. They should fulfill the general style of bag making requirement.
