

富怡电脑全自动单针绗缝机（连续送料）

Richpeace Computerized Automatic Single Head Quilting Machine

Richpeace®

RPQ-SA-2325-1-M70

高档机头，性能稳定
压脚可根据物料厚度任意调节，物料最厚达70mm
机头、旋梭箱均于台湾直线导轨上移动，确保其运行平稳，顺滑，低噪音
High quality sewing head, steady-running at fast speed.
Adjustable presser foot meet varies material with different thickness, the material can be as thick as 70mm.
Both sewing head and rotary hook box moving on Taiwan linear guide, stably and smoothly with low noise.

主要配置及特点

Main Features & Functions

- 全自动送料、铺料、夹料、绗缝、裁切，所有过程由电脑控制，流程化生产
- 机器最高速度可达2500转/分钟，生产速度为1800-2200转/分钟
- 德国进口特大旋梭
- 自动剪线，断线检测，回退补针功能
- 自动供油系统，有效润滑机头内零部件，延长机器使用寿命
- 松下伺服电机驱动，精度更高
- 强大专业的电脑绗缝功能：如针步选择，花样缩放，角度补偿，花样调整等
- 富怡专业绗缝打版系统，可自由设计，编辑，模拟绗缝等，功能强大、齐全
- Feeding material, spreading, clamping, quilting and cutting, all these process are controlled automatically by programmable computer control system.
- The Max. speed can reach 2500rpm, working speed is 1800-2200rpm.
- Jumbo rotary hook is original from Germany.
- Automatic trimming, thread breakage detection as well as mending function.
- Automatic oiling system, well lubricate parts in sewing head, longer the machine lifetime.
- Adopt Panasonic servo motors to ensure higher precision.
- Powerful quilting computer functions, such as stitch length selection, pattern resize, angle compensation and pattern adjustment, etc.
- Professional and powerful quilting software for designing, editing and simulation of the quilt patterns.
